## Docking Station 105-165

- Automatic tool changing is achieved when the docking station is combined with the piCOBOT® tool changer (purchased separately).
- piCOBOT® can pick up different tools from the docking stations to accommodate for different lifting objects.
- Available in two sizes depending on depth of end-effector.
- Docking station compatible with the piCOBOT® family (piCOBOT® and piCOBOT® L).
